This certificate confirms

Ms Jasmine Esmaeili

GDC Number

273233

Completed 45 minutes of enhanced CPD

Adult Basic Life Support on 14th August 2026

Meeting the following GDC Development Outcomes for enhanced CPD

C,D

Aims

The aim of this course is to assist staff with their understanding of what is involved in Adult Basic Life Support and how and when to apply it in their daily working lives.

Objectives

During this course learners will be able to:

- Detail their organization's responsibilities.
- Outline their own responsibilities.
- Initiate an appropriate emergency response.
- Respond immediately to a patient suffering from cardiac arrest.
- Care for the patient in an appropriate way following the practice protocols.

Learning Outcomes

After completing this course the learner will gain an understanding of:

- Their organization's responsibilities.
- Their own responsibilities.
- How to manage a cardiac arrest.
- How to initiate an appropriate emergency response.
- The safe use of an AED.

Quality Assurance

Quality assurance measures are undertaken by Agilio Software Bidco Ltd (inc Isopharm Ltd) to meet the GDC requirements for enhanced CPD.

All information within our CPD courses are full and accurate to the best of our knowledge at the time of publication.

Our CPD courses are regularly reviewed in accordance with legislation and standards.
